Methodist Church Plans Homecoming

Plans to observe annual homecoming day at the Pahokee First Methodist Church was discussed by members of the Woman's Society of Christian Service at the October meeting held in the church auditorium Monday night with Mrs. Arch Blakey, president, presiding. It was announced the Gertrude Shirley Circle will act as the hostess group at the homecoming which will be held on a Sunday this month, the date to be set by the Board of Stewards.

Mrs. Blakey named Mrs. Leon Spooner, Mrs. R. F. Hunt, Mrs. J. R. York, Mrs. Frank Friend, Mrs. J. T. Boynton and Mrs. Robert J. Schroder on a committee to select two foreign mission projects for the coming year. The WSCS voted to join the Gertrude Shirley Circle in its project to assist the Rev. Donald Padgett and family. The Rev. Padgett, a former member of the Pahokee Church and former president of the Pahokee MYF was recently ordained a minister and is beginning his preaching career as pastor of two small churches near Atlanta, Ga. The WSCS will sponsor a booth at the PTA Halloween carnival, with pro-

(continued on page 8)

Big Dredge Moves Through WPB Canal

Motor traffic over the temporary bridge spanning the West Palm Beach Canal at Canal Point was halted for approximately three hours from 10:30 a. m. to 1:30 p. m. Tuesday while the middle section of the bridge was removed to allow passage of the Gahagan Construction Company's big suction dredge up the canal enroute to the L-7 project four miles east of Twenty-Mile Bend and dredging work in the Central and South Florida Flood Control program.

The dredge tied up at the mouth of the West Palm Beach Canal Saturday morning after a two-week trip from Charleston, S. C., via the intra-coastal waterway. It was accompanied by two barge tenders, one of which was loaded with more than 300 sections of 24-inch dredging pipe. Five farm-to-market bridges between Canal Point and Twenty-Mile Bend also had to be moved to make way for the huge dredge and its barges.

100 Pct. Attendance Banner Is Won

The 27 children of Mrs. Myrtle Johnson's Second Grade Room was the first group of pupils to receive the PTA cash award of \$5 for 100 per cent membership of parents in PTA for the current school year, according to Mrs. Thomas Elliott PTA membership chairman. Mrs. Leo Maxwell, room mother, assisted the children in their drive for 100 per cent membership including both parents of every child. PTA dues are 50 cents a year.

With the opening date nearly five months away, exhibit space at the 1954 Florida State Fair is already at a premium, reports Gen. Manager J. C. Huskisson.

Legion Will Aid Athletic Council

Fred and Percy Mansfield Post 90, Pahokee American Legion, at a meeting Monday night voted to furnish enough men at Pahokee High School home football games, not only to assist the local police in keeping order on the field, but also in the directing of traffic and the parking of cars.

It was announced there will be an open house for Legionnaires and their guests at the Legion Home Friday, Oct. 9, following the Pahokee-Seacrest game. In addition, a free barbecue for Legionnaires, members of the Legion Auxiliary and guests will be held on the Legion grounds Saturday night, Oct. 10, with Cecil Gray, house chairman, to be in charge of arrangements.

South Bay Names Two Councilmen

Two new South Bay councilmen were chosen and Police Chief R. C. White re-elected, all for two-year terms, when 319 of the town's 378 registered voters turned out for the annual election Tuesday.

Named to the Town Council were W. M. Jeffries, with 182 votes, and I. P. Roberts, 166 votes. They defeated two incumbents, W. G. Bowen, 141, and H. B. Walker, 120. Chief White beat James K. Davis, who polled 113 against the winner's 192, and Thomas L. Dean who got three votes.

The three holdover councilmen, S. J. Fisher, S. W. Kelley, and J. L. Brown, canvassed the votes Tuesday night and swore in the new members.

The new commission then adjourned until 8 p. m. Friday when it will elect a mayor. Kelley served as mayor during the past year.

Canal Point Will Hold Oct. 30 Carnival

Plans were made at the monthly Parent Teacher Association meeting Monday night for students of the eight rooms of the school to participate in the annual Halloween Carnival to be sponsored by the Canal Point Lions Club Oct. 30. Each will have a special booth or project.

President Phelix Slonaker announced that a film will be shown at the school at 7 p. m. Saturday, Oct. 31, for all school children, free of charge, as a continuation of Halloween entertainment.

It was voted to send a representative to the state PTA convention to be held in Daytona Beach, Nov. 17-19. It was announced that all eight rooms are now equipped with large electric fans. Six were purchased by the PTA and two were donated by Mrs. Roberto Arieta of Port Mayaca.

A panel discussion, "Citizenship in School", was conducted by three school students.

WOMAN'S CLUB MEET

The Pahokee Woman's Club will conduct its first meeting of the season in the clubhouse Wednesday, Oct. 14, when there will be an open house honoring past presidents, charter members and former members of the club.

Chas. Humphries With Hiway Patrol

Charles Humphries, 23, son of Mr. and Mrs. W. A. Humphries, Jr., of Pahokee, successfully completed his training course at the Florida Highway Patrol School, Eglin Field, Fort Walton, on Sept. 30 and has been assigned to Troop E of the FHP.

After graduating from Pahokee High School in 1950, Humphries joined the U. S. Army. During his two years of service he spent approximately a year in Korea and Japan, and was wounded in front line action in Korea.

Upon his release from the Army last Spring he served for a few weeks as a member of the Pahokee police force before applying for entry into the Florida Highway Patrol.

Patrolman Humphries leaves today for Miami to report for active duty. After a year of probationary service in the FHP he will be eligible for the title of State Trooper.

Humphries is the fourth Pahokee young man to join service of the FHP. Those preceding him were Reid Clifton, who joined the FHP soon after its inception in 1939 and has advanced steadily in rank, now bearing the title of Inspector. He is second in command to Col. H. N. Kirkman, director of the FHP, Tallahassee. Clifton was followed by Talton Joyce who served in the patrol for several years before resigning to accept the position of deputy sheriff of Indian River County at Vero Beach. Marion Spooner joined the patrol several months ago and is now assigned to duty at Fort Lauderdale.

Holland To Speak Belle Glade Oct. 17

The annual membership meeting and county-wide barbecue of the Palm Beach County Resources Development Board will be held in Belle Glade Saturday, Oct. 17, starting at 4 p. m.

At four o'clock speeches by Senator Spessard Holland, Congressman Dwight L. Rogers and other national and state officers will be given at the high school athletic field. The talks will be followed by a chicken barbecue at the nearby park area.

Tickets for the barbecue are \$1.50 each. They may be obtained in Canal Point from A. R. Harrington and in Pahokee at the Chamber of Commerce office, or from Mayor Lewis Friend, Rupert Mock, Claude Shirley, Frank Rozelle and Manning I. Keen.

Bob Cameron New Co-Op Sales Manager

R. A. (Bob) Cameron has been appointed sales manager of the Everglades Growers Cooperative of Pahokee, succeeding Homer J. Clause, who was sales manager for many years and who has retired, according to J. M. Elliott, general manager of the large vegetable firm.

Cameron has been with the firm as assistant to Clause for the last four years and has been in the fruit and vegetable business for many years.

King And Queen For Pahokee Carnival

The Pahokee Student Council at a meeting Tuesday voted to sponsor the king and queen contest at the PTA Halloween Carnival on the school grounds.

Each of the six higher grades seventh through twelfth, will sponsor candidates for the honorary title of king and queen of the carnival. Winners will be decided by popular vote at a penny a vote and the contest will run from Oct. 16 until the start of the carnival.

It was announced the council is also sponsoring the sale of pins in school colors as a fund-raising project. President Wayne Burdeshaw presided.

Acting Governor Is Johns' Title

TALLAHASSEE—If you run into Charley E. Johns on the street you will make no mistake to address him as Governor. But if you write him a formal letter and want to be absolutely correct, you will address him as Acting Governor.

The State Supreme Court has decreed that while the president of the 1953 Senate discharges the duties of Governor, to which was called by the death of Dan McCarthy, he shall have the title Acting Governor and sign all official documents that way.

The state constitution provides the senate president assumes the duties, powers and responsibilities of the Governor when the office becomes vacant, but does not designate any title for him while serving in the duly elected Governor's stead.

One of Johns' first acts after assuming the office was to ask the supreme court how he should sign official papers. The court ruled that since he was in fact Acting Governor, he should be known as that and use the title in signing documents.

Accident Report For Month September

Three persons were killed and 23 injured in the 58 accidents occurring in Palm Beach County in September, according to the monthly Department of Public Safety report released at the Florida Highway Patrol Station in Pahokee by Cpl. E. D. Dugger. Personal property damage resulting from these accidents was estimated at \$30,060.00.

State troopers, in addition to investigating and assisting at these accidents, made 64 arrests in Palm Beach County during September, issued 155 written warnings of improper driving and 169 warnings of faulty equipment, assisted 77 motorists, delivered 16 safety education addresses on the radio and gave driver permit examinations to 1,061 applicants of whom 546 passed and were granted permits, 390 failed and 125 did not complete their examinations.

Florida's lower West Coast is getting speedier mail service since two highway post offices started rolling recently. Put on the road by Seaboard Air Line Railway, the equipment consists of two large van-type post offices on wheels.

Seacrest Comes To Pahokee Tonite

The Pahokee Blue Devils, denied victory by the narrowest of margins in their last two games, will be striving mightily to get in the win column tonight when they will be hosts to the Seacrest Seahawks in a Suncost Conference tilt on Lair Field, starting at 8:15.

Last week the Seahawks chalked up their first win of the season by coming from behind and rolling over the Stuart Tigers, 20-7, while the Blue Devils were stalemated in a 20-20 tie by the Lake Worth Trojans. Halfback Jim Riley gave the zip to the Seahawks scoring punches in the Stuart game and is expected to give the Blue Devils trouble tonight.

Both teams were soundly trounced in openers with the Clewiston Tigers, the Blue Devils, 31-6, and the Seahawks, 48-0. Both are comparatively inexperienced, still trying to smooth out the rough edges of their playing form but Coach Jim Reichert will have a decided advantage over Coach Webb Pell in reserve strength as his squad of 50 players is twice as large as Pell's and the Seacrest line, anchored by (continued on page 8)

Work Starts On State Market Road

Work started last week on a one-half mile stretch of farm to market road in Pahokee. The contract for the work was let May 21 at Tampa by the State Road Board to the Brinson Construction Company of Tampa, according to County Commissioner Paul Rardin.

Base for the road will be dug from the county pit back of the state market, according to plans of the road department. An oil slag surface will make up the finish of the road.

The road is being rebuilt out of secondary funds, according to Commissioner Rardin, who has tried in vain for three years to have it rebuilt by the state out of primary funds. Secondary funds come from the seventh cent of the gas tax and can be allotted in accordance with the wishes of the county commission.

Wayne Burdeshaw New Lion Member

Pahokee Lions at their Tuesday luncheon meeting welcomed as the new student member of the Club for the current school year Wayne Burdeshaw, Pahokee High School Senior, president of the Student Council and member of the Blue Devil football squad.

Guest speaker was Dr. Rembert A. Guy, pastor of the Pahokee First Methodist Church, who gave a talk on "Experience of a Methodist Minister."

SKATING PARTY

Approximately 30 members of the Intermediate Training Union group at the Pahokee First Baptist Church enjoyed a skating party at the Gaiety Rink in West Palm Beach Tuesday evening. The group, traveling to West Palm Beach in the newly decorated church bus, was accompanied by Mr. and Mrs. Alec Johnson, Intermediate BTU counselors.

Quarterly Meeting Held Wednesday

Dr. Clare Cotton of West Palm Beach, superintendent of the West Palm Beach District of Methodist Churches, conducted the first quarterly conference of the Pahokee First Methodist Church Wednesday night following the midweek prayer service.

Elected as divisional superintendents of the church school were Mrs. Lloyd Hundley, children's division; Mrs. B. Elliott, youth division; and W. O. (Bill) Moss, adult division. Mrs. Robert Hutton was named chairman of the commission of education and Robert J. Schroder, recording secretary of the conference. Mrs. Lloyd Hundley and Mrs. R. J. Schroder were appointed delegates to the district conference in Fort Lauderdale next November.

Reports on church activities during the past three months were given by Dr. Rembert A. Guy, pastor; Mrs. Arch Blakey, WSSC president; Mrs. Robert Hattoe, education commission chairman; Mrs. L. W. Armstrong, evangelism and membership chairman; Elmer B. Elliott, MYF president; John A. Dulany, charge lay leader; Marshall Lair, finance secretary; and M. P. Holman, church secretary.

Water Show Held Despite Squalls

Despite unsettled weather which caused the boat races to be called off, approximately 800 spectators braved the rain squalls to see the Pahokee Boat Club's second water show on Lake Okeechobee held at the Pahokee waterfront Sunday afternoon.

The skiing contests were staged as scheduled on the rough water. William E. (Billy) McKinstry, newly elected president of the club, won first place in the slalom skiing contest and Milton Wilson placed first in the ski-jump contest. Wilson started his jumps at 22 miles per hour on the first round and ended with a speed of 31 miles on the last round. Councilman Louis Mims piloted his own boat for towing the skiers.

Henry Holmes of West Palm Beach, U. S. international top ranking water skier in the senior men's division, was in charge of the skiing contests and gave the crowd an exhibition of fancy skiing.

James H. Wilson, immediate past president of the club, acted as the show's master of ceremony. He was assisted by Sam McKinstry, Jr.

THE AMERICAN WAY

"Fowl" Invasion

Miss Patsy Maxson returned to Southern College at Lakeland Wednesday where she will begin her Junior year. She was accompanied to Lakeland by her mother, Mrs. Earl Maxson and Mrs. Joe Parker.

Mr. and Mrs. Lester Hand had as guests the past week his mother, Mrs. Fred Hand, and his brother, Gordon Hand, who recently returned to the United States from overseas service in the Armed Forces.

Young Adults Class Headed By Moss

W. O. (Bill) Moss was elected president of the Young Adults Class of the Pahokee First Methodist Church School at a class business meeting and party held at the home of Mr. and Mrs. R. M. Sanders Saturday night.

Other new officers elected were Harold Wilkinson, vice president; Mrs. R. M. Sanders, secretary-treasurer; Mrs. J. T. Boynton, sunshine chairman; Eustis Blackwell, sunshine co-chairman; Jack Phillips and Owen Todd, membership chairmen. Mrs. Inez Reeves is class instructor.

The group voted "the spreading of sunshine to the sick" as the class project of the year. Among the services being planned will be the loan of a radio to anyone unable to have a radio and in need of its entertaining features. A radio donated to the class by Mr. and Mrs. Sanders has been repaired and is now in serviceable condition.

Plans were made for a potluck supper at the next meeting Nov. 21.

Assisting Mrs. Sanders as party hostesses were Mrs. J. T. Boynton, Mrs. M. I. Keen, Mrs. Melvin Spooner, Mrs. Blackwell and Mrs. Moss.

Mrs. G. C. Connell returned recently from a two-week visit with her son-in-law and daughter, Mr. and Mrs. W. C. Sizer, Jr., at Lake Wales.

Mr. and Mrs. W. P. Culberson and children are expected to return this week to their home at 506 East Main St., from Hendersonville, N. C., where he has been engaged in the vegetable trucking business this summer.

To Get Chores Done...

TAKING THE WORK OUT OF HOUSEWORK...

BANISH TATTLETALE PINK!

White nylon things stay whiter if washed in your electric washing machine instead of by hand. Use warm water, a mild soap or detergent and wash only two minutes. Bleaching helps overcome a yellow or pink cast.

(Two cents buys the washer's electricity to do an average family wash for a whole week!)

THERE'S MORE THAN ONE WAY to dry clothes.

For best results with your electric dryer, sort clothes. Dry clothes that don't have to be ironed in one load. Sort others into heavy and light pieces. (No more heavy baskets to carry if you have an electric dryer. And it works for pennies a week!)

DREAD DISHWASHING?

It's a once-a-day snap if you have an electric dish-washer. You can avoid trouble and save money by using the special dish-washing detergents in your machine. (An electric dish-washer will do six loads of dishes for a penny's worth of electricity!)

JUST THINK

what life would be like without electricity... think how much better living you get...for one low monthly bill!

FLORIDA POWER & LIGHT COMPANY

Will Barbecue 2000 Chickens

Ray Whitlock of Belle Glade who has been constabuling and cooking barbecue throughout the county for years will initiate his professional barbecue pit for the big RDB barbecue in Belle Glade to be held Oct. 17. Ray has ordered 2,000 two-pound chickens for the barbecue and will devote his entire equipment and help for three days to this annual membership meeting and barbecue to be held at the High School athletic field on Saturday afternoon. It has been customary for local organizations to call on Ray to prepare barbecue, for his reputation for "good Barbecue" is county-wide and this has been a hobby for him. Now that he is thru with his constable job, he is turning his hobby to a profession, except for this service to the RDB. All RDB members are privileged to bring guests, and tickets are offered thru RDB members.

Cinematic Chatter

By Malcolm Miller

Hello everybody! Joan Crawford is known as the star that dares to play roles few other actresses would accept. Ever since she started New York as a night club dancer, she has been doing offbeat, against-the-tide roles. And it has paid off. No star in Hollywood has held the glamour spotlight so graciously and so long as Joan. Her fans expect unusual things from her—and she doesn't disap-

point them. When a role appeals to her, no matter how unusual it may be, she risks playing it—and wins! You'll remember how Miss Crawford's Academy Award-winning role in "Mildred Pierce" had everybody asking: "What did Mildred Pierce do?" Joan began shocking the fans away back when she played "A Woman's Face", in which she allowed her beauty to be hid behind a ghastly scarred face. Recently she began shocking the moviegoers with her portrayal in "Sudden Fear." In "Harriet Craig" she dared play an extremely dis-

agreeable woman—and got away with it. In "The Woman" she was one of the meowing, scratching females. In "Grand Hotel" she played the brazen private secretary of uncertain morals. In the days of silent pictures, Miss Crawford rose to stardom. Then, when sound came she made "Our Dancing Daughters" as the big hit of the era. With talking pictures her fame skyrocketed again. In 1932, '33, '34, '35 and '36 she was listed among the ten top box office stars. In 1945 she won the Oscar. See you at the movies—Mal.

To Dig For Oil Lease Granted

TAMPA—The State has granted leases for oil drilling and blasting in Gulf coastal waters to the Lafayette Exploration Company of Lafayette, Louisiana, who are handling exploration work for the Coastal Petroleum Company, Hartford, Conn.

The water survey will include an area of approximately 650,000 acres extending from Apalachicola Bay eastward to the eastern boundary of Jefferson County and another area extending from Tampa Bay to a point six miles south of Naples.

The survey will cover all navigable waters in the areas to a point 10.38 seaward from the tide mark, according to Benjamin W. Heath, Coastal Petroleum president.

The survey will cost \$500,000 and will take at least a year to complete.

Mr. & Mrs. Bill Justice Have A Son

Mr. and Mrs. Elmer (Bill) Justice, (Laura Rogers) former Pahokee residents now living in Miami, announce the birth of a son at a Miami Hospital, Sept. 30. Both the paternal and maternal grandparents, Mr. and Mrs. B. E. Justice and Mr. and Mrs. John Rogers, live in Pahokee. He has been named Michael Thomas.

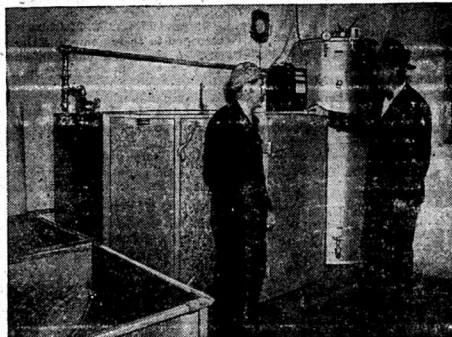

Quality Milk Is Goal of Farmers . . . Cleanliness Plays Major Part in Job

By IRA MILLER
Farm Electrification Bureau

The production of Grade A milk is the objective of most dairy farmers. For, top quality milk means a bigger milk check. To reach this objective, however, often takes a bit of doing—including a good herd, high grade

able. Other types generally must be located in a separate boiler room to comply with certain sanitary regulations.

Heating elements in electric steam accumulators vary from 1,500 to 5,000 watts, depending on the size of the boilers. Boiler sizes range from 30 gallons upward. Installation is an easy

Here's how an electric steam accumulator and sterilization cabinet can be installed in typical milk house.

pasture and efficient management practices.

Cleanliness always is a major factor, with requirements varying in different localities. Some farmers need only to wash their milking equipment with an acceptable solution and hot water to meet their milk shed standards. Others must also sterilize their utensils and aerator-type coolers with live steam.

Steam-producing boilers for the sterilization job may be either electric or fuel-fired. Electric steam accumulators can be installed anywhere in the milk house where running water and 230-volt service is avail-

able, and operation is practically automatic. Personal attention is required only to open the steam valve and to replace water used during the sterilization process. Milk cans and other metal equipment are sterilized in a steel cabinet by steam forced out of perforated pipes. When the sterilization process is completed, the steam is diverted into drying coils. The entire job takes about an hour. Rubber milking machine parts are sterilized in a separate water bath cabinet. A steam hose, connected to the steam pipe, is used to sterilize the aerator cooler coils. The operating cost of an electric steam accumulator runs about 1.4 cents per cow.

Woman's Society Hears Mrs. Vorhees

Mrs. Boyd Vorhees presented the program, "Faith of Our Fathers," at the October meeting of the Canal Point Methodist Woman's Society of Christian Service in the Sunday school building Tuesday afternoon. She was assisted by Mrs. Osceola Upthegrove, Mrs. J. W. Repper, Mrs. F. W. Cross, Sr., Mrs. Harlan Sears and Mrs. W. K. Buchanan.

The recommendation of the finance committee that the WSCS sponsor a bake sale at the Sunday School building Saturday, Oct. 17, starting at 11 a. m., was accepted by the group.

The dedication of the fellowship treasure chest was led by Mrs. A. R. Harrington, assisted by Mrs. J. P. Parker.

Mrs. O. Upthegrove was named secretary of children's work to fill the vacancy left by the resignation of Mrs. James Miller.

The group voted to invite the WSCS seminar on Christian social relations, and local church activities for the West Palm Beach district to meet in Canal Point in the spring.

Mrs. Vorhees set Nov. 10 as the tentative date for the group's study of the book, "That the World May Know." Mrs. J. P. Parker announced that a week of prayer will be observed at the church, starting Tuesday, Oct. 27, at 9:30 a. m.

Mrs. W. E. Johnson acted as hostess during the serving of refreshments at the close of the meeting.

ECONOMIC CLASS

Members of the Senior home economics class at Pahokee High School entertained at the home of Miss Shirley Ammons north of Canal Point Monday evening with a party and stork shower honoring Mrs. Ralph Clark, the former Nancy McCoy. Mrs. Clark, a past member of the class, is making her home with her parents, Mr. and Mrs. W. G. McCoy, in Pahokee while her husband is serving in the U. S. Navy.

Refreshments were served to approximately 25 guests.

Beaurie A. Russell of Orlando is a business visitor in the Glades this week.

Pahokee Tied Lake Worth Trojans

The Pahokee Blue Devils dominated the field in the first half of their game with the Trojans at Lake Worth last Friday night in a blazing offensive that gave them a 20-point lead over the scoreless Trojans at the half, then in much the same fashion as in the Pompano game they saw their advantage fade away in the second half as their opponents ran up 20 points of their own for a final 20-20 tie.

Coach Webb Pell's men got their first TD in the initial quarter when Quarterback Robert Goodson culminated a Blue Devil drive from their own 29 with a 32-yard sweep around right end into the end zone. In the second quarter the Blue Devils marched down the field 72 yards in 11 plays to the Trojans one-yard line where Fullback George Mills smashed through for the TD and Goodson passed to End Ronnie Elliott for the conversion point. A short time later in the same period Mills recovered a Trojan fumble on the Lake Worth two-yard line and Goodson sneaked through for the TD on a second try. The Goodson to Elliott pass again clicked for the extra point.

Bob Brooks scored two of the Trojan touchdowns and Ray Barnes the third, all in the second half. Brooks plunged successfully for one of the Trojans conversions and Harold Hainey for the other.

SHOWS SAFETY FILM

Howell Gillette of Miami, safety education officer of the Florida Highway Patrol, gave talks and showed films on "Safe Driving in Highway Traffic" at two separate assemblies of students in the Pahokee School auditorium Monday. Police Chief Leon Guthrie of Pahokee and Cpl. E. D. Dugger and Patrolman Charles Humphries of the Pahokee FHP Station were also present at the assemblies.

Mr. and Mrs. Lon Adams have returned from a five-week visit with her sister, Mrs. W. H. Clark, who has been ill, and other relatives in Glenwood, Ga.

Mrs. R. A. Rosser and sons of Jewkinsburg, Ga., were guests of Mr. and Mrs. Homer Barnes the past week.

JOHN T. COLEMAN, a Southern Bell telephone man, rushed to the rescue when a lady fell into a 25-foot well at Anniston, Alabama. She was clinging—almost exhausted—to the well in 10 feet of water.

HE SAVED A LIFE WITH A GARDEN HOSE...

Making quick use of what was at hand, Mr. Coleman tied a length of garden hose to a tree, lowered himself into the well and supported the lady above water until she could be raised to safety with a rope. Then he applied first aid before an ambulance arrived.

A courageous act? Yes: But equally important, quick thinking in an emergency. It speaks well of the type of men and women who provide your telephone service—often going beyond the call of duty.

John T. Coleman, telephone installer-repairman for Southern Bell at Anniston, Ala., who was awarded the Bronze Vail Medal for his act of heroism.

DO YOU REMEMBER?

HAPPENINGS IN THE LAKE OKEECHOBEE REGION

25 YEARS AGO

Pumps will be used to dry the site of the Southern Sugar Company's labor quarters at the Canal Point mill and construction of the buildings, more than 100 in number, will be resumed and the contracts with Chalker-Lund Company carried out, company officials have announced. The Florida East Coast railroad extension from Belle Glade to Miami lock (Lake Harbor) will be made by January 1st, the Cornell-Young Company, contractors, aver. H. T. Holloway's dipper dredge No. 1 is on a location between Belle Glade and South Bay and this morning began the repair of the 1,000 feet of lake front dike that was washed out.

Ice and water were supplied Canal Point and Pahokee free by the Florida East Coast railroad through Superintendent A. I. Foosher of New Smyrna. A water wagon sent out by the City of West Palm Beach made distribution of the water. Superintendent Pooser's service was of high value because the Canal Point ice plant was wrecked and the Florida Power & Light Company could not get ice out from West Palm Beach for its stations. The artesian well at W. J. Conners' old farm was opened and its water was used for a time. The lake water was always available and although never contaminated was not used because it carried much sediment.

Headquarters for the Red Cross in the upper Everglades will be transferred Monday to the old schoolhouse at Pahokee. A local rehabilitation committee has been formed, consisting of V. C. Denton of South Bay, C. R. Byrd and Dr. W. J. Buck of Belle Glade, E. G. Kilpatrick of Pahokee, H. L. Speer of Canal Point and Mr. Harrell and Miss Williams of the Red Cross national organization. A canteen for colored people is operated at S. J. Thibodeaux's house at Canal Point.

There is need for relief in the Everglades beyond any amount the Red Cross is likely to be in position to give. There is need for contributions from other sources. The area of the disaster of the hurricane of September 16 though less than the area of the Mississippi river flood, is large; it extends for more than 50 miles along the east coast and embraces all of Palm Beach county; it extends through the Everglades section of the county and westward and northward. More than \$2,000,000 of Palm Beach county's funds were lost or are tied up in banks in West Palm Beach that failed; the road funds were exhausted and awaited replenishment from next year's taxes and the charity fund was overdrawn. The county is not in position to give the aid that would have been given had this

disaster come in time of normal conditions.

Following an inspection trip to the Lake Okeechobee section yesterday, Dr. Fons A. Hathaway, chairman of the state road department announced last night that the state highway body would begin immediate permanent repairs to the Belle Glade road from Twenty-Mile Bend to Belle Glade and that all expenses of the operation would be borne by the state.

When the boat Tourist got to 20-mile bend two days after the hurricane that bridge was found to be jammed. The bridge should have been tested the day after the storm by the bridgetender and its condition disclosed and repaired before a boat arrived. When a boat got to Canal Point with Board of Health officials and officers of the State Militia, that bridge was jammed. The bridge should have been opened before that day and its default corrected.

Some of these Everglades moonshiners and bootleggers have less sense than we thought they had for them to get by with their stuff and it is found that although they are audacious and insolent they have mighty poor judgement—some of them are good business men are better citizens than some of their patrons.

A car was stuck between 20-mile bend and Gladeview Farms. On the car was a placard "Another Democrat for Hoover." When a North Carolina Democrat learned that the Hooverized Democrat had been stuck for several hours he said, "It serves him right." Do you re-

IN CANAL POINT.....

member the story of the Confederate who dropped a \$5 bill into the hat of a crippled ex-Union soldier and said, "That's the first damned Yankee I ever saw who was trimmed up to suit me"? And of the Irish saloonkeeper who said, "You want \$1 to help bury a dead Norwegian? Here's \$10—go bury ten of them?"

Lon Adams, the barber, returned from the Georgia tobacco district Saturday night. Tobacco prices weren't very good. Lon said he'd rather be in Canal Point in a hurricane than stay in Georgia.

A Canal Point man who was relating his experience says: "We went out of our house to go to my brother's. When my wife was lifted up I managed to catch hold of her feet and I held on, so I only had to take one step to go fifty yards."

Fred Reynolds, the town's professional comedian, was describing his experiences in the hurricane. He said that every hour or two he looked at the luminous dial of his wrist watch and noted that another minute had passed.

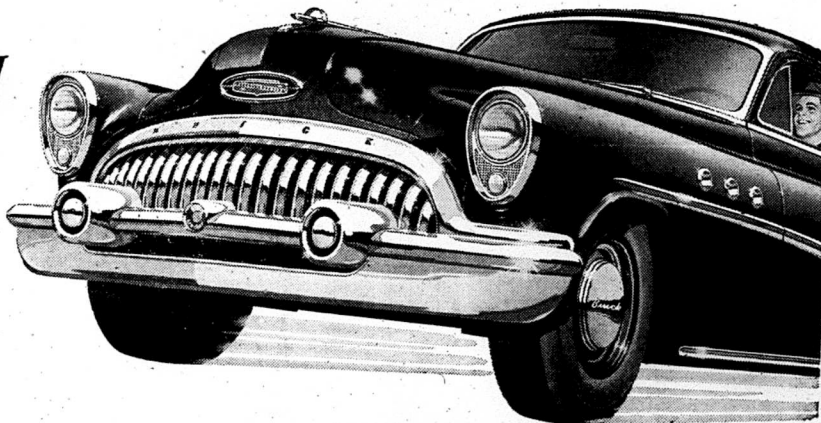

BUY BIG for as little as

\$2,513³⁸ *

*Local delivered price of the
New 1953 Buick SPECIAL

2-Door, 6-Passenger Sedan
Model 48D (illustrated)

*Optional equipment, accessories, state and local taxes, if any, additional. Prices may vary slightly in adjoining communities due to shipping charges. All prices subject to change without notice.

WHY should you do yourself out of the big things in motoring life?

Why pass up the room and power and comfort and niceties of big-car travel — when you can buy a big, new Buick SPECIAL for just little more than the price of smaller cars?

We show our price here to prove our point — to prove that you can buy this Buick SPECIAL for just a few dollars more than you have to pay for one of the so-called "low-price three."

Figure what that means—

Just a few dollars more for a lot bigger hoodful of power — Fireball 8 power — the highest horsepower ever placed in a Buick SPECIAL.

Just a few dollars more for big and spacious 6-passenger roominess — and the solid, steady comfort of Buick's famed Million Dollar Ride.

Just a few dollars more for Buick styling, Buick handling, Buick luxury, Buick fun.

But do you know what else those few extra dollars get you in this big, broad, beautiful Buick?

THE GREATEST
BUICK
IN 50 GREAT YEARS

They get you a long list of standard equipment at no extra cost that most other cars at or near its price charge you for, as extras — which makes our quoted price even lower than it looks.

We have the facts and figures to prove our points. All we need is you, at the wheel.

Drop in on us this week and see for yourself that your new-car money really buys big — in Buick.

Son Arrives For Mr. & Mrs. Billy Rawls

Mr. and Mrs. William (Billy) Rawls (Jacquelyn Berry) announce the birth of a son at the Everglades Memorial Hospital, Oct. 1. Mr. Rawls is a member of the Armed Forces. Mrs. Maribelle Rawls of Pahokee is the paternal grandmother and Mr. and Mrs. Sam Berry of Belle Glade, the maternal grandparents.

The sponge disease, noted in Florida's salt waters in 1939, has not recurred. However, a recent survey by the Marine Laboratory of the University of Miami revealed a scarcity of commercial size sponges still exists.

Christian Science Group Of Canal Point

"ARE SIN, DISEASE, AND DEATH REAL?" is the subject of the Lesson-Sermon to be read at all Christian Science services next Sunday.

Verses from Psalms (67:1,2) furnish the Golden Text: "God be merciful unto us, and bless us; and cause his face to shine upon us; that thy way may be known upon earth, thy saving health among all nations."

Bible passages include the following from Exodus (15:2): "The Lord is my strength and song, and he is become my salvation:—"

Selections to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include: "Christian Science reveals God, not as the author of sin, sickness, and death, but as divine Principle, Supreme Being, Mind, exempt from all evil—Sin, sickness, and death must be deemed as devoid of reality as they are of good, God" (p. 127, 325).

Grace Jernigan Circle at the home of Mrs. C. R. Wroten Oct. 13 at 8:00 p. m. Mrs. Herman Kautz, chairman.
Thursday October 15 the Palm Lake Association of WMU will meet at the First Baptist Church from 11 a. m. to 2:30 p. m. All ladies are urged to come and bring sandwiches.

Rev. Ford Named Association Head

The Rev. Robert E. F. Ford, pastor of the Everglades Presbyterian Church, was elected president of the Glades Ministerial Association at a meeting in the Pahokee city park Monday night, with the Rev. E. F. Holladay, pastor of the Belle Glade Methodist Church, retiring president, presiding.

Other new officers elected were the Rev. W. Hal Hunter, pastor of the Pahokee First Baptist Church, vice president; the Rev. Williams C Wood, pastor of the Moore Haven Methodist Church, secretary-treasurer.

Tentative plans were made to designate Nov. 15-22 as rally week at Glades churches, when inspirational talks will be given by Dr. Fred Barnett of Lakeland, director of Florida Dyes, Inc., preliminary to the organization of a Glades Good Citizenship League.

Schedules of worship services to be conducted in the newly dedicated chapel at the State Prison Farm north of Belle Glade were set up by the association, which is sponsoring services for both White and Negro worshippers.

A resolution was passed urging all civic groups to refrain from conducting regular meetings on Wednesday nights in conflict with scheduled midweek worship services at the various Glades churches.

It was announced the next GMA meeting will be held at the Belle Glade First Baptist Church Nov. 3 at 10:30 a. m.

Following the business session the ministers and their families enjoyed a picnic dinner and fellowship hour.

Sorority To Assist Girl Scout Troop

Members of the Beta Omicron Chapter of the Beta Sigma Phi Sorority at a meeting at the home of Mrs. Max Beverly voted to join the Area Girl Scout Council as the sponsoring organization of the Girl Scout Troops of Pahokee.

Named by Mrs. E. J. Graham, president, on the committee in charge of arrangements for the booth to be sponsored by the chapter at the PTA Halloween carnival for Pahokee children were Mrs. Ellis Wilkinson, Mrs. Earl Crossman, Mrs. Clyde Alley, Mrs. Rupert Mock and Miss Dorothy Chastain.

Mrs. Graham also named Mrs. The group's annual secret sister chairman for the new year.

The group's annual secret sister party was held during the meeting Mrs. Beverly was assisted with the entertainment by Mrs. Earl Maxson, co-hostess.

Giant Land Deal In Collier County

EVERGLADES—Baron Collier, Jr. and Miles Collier report the sale of almost one-third of the vast Collier holdings to the Gerry family of New York for approximately \$4,000,000.

Announcement of the transaction was made jointly by the Collier brothers and Elbridge, Henry and Edward Gerry.

All of the land sold is in Collier County, except about 6,000 acres in southern Lee County and 12,800 acres in southern Hendry County.

Roughly the land is in two blocks, one in the western part of Collier County between Bonita Springs and Naples, east of the Tamiami Trail; the other in eastern Collier County from the Hendry County line south to Monroe County.

The new purchasers have organized four Florida corporations for the properties and plan to proceed immediately to develop part of the holdings.

A large block will be used for agricultural operation and the production of cattle while other portions will be opened for outside development.

Offices representing the new holdings will be opened at Naples. Commenting on the sale, the Collier brothers said they decided to dispose of part of their holdings because their million acres were far more than they could actively develop with the resources at their command.

Last January the Collier brothers obtained a loan of \$1,500,000 from the Equitable Life Assurance Society of the United States for a land improvement and cultivation program. The company will finance an additional \$1,500,000 over a six-year period.

FIRE PREVENTION

TALLAHASSEE—Fire Prevention Week is being observed throughout the state this week. Many civic clubs have arranged special programs for the period and fire department officials are pointing out methods of fire prevention and urging the public to cooperate in an effort to reduce the annual fire loss in the state.

The program has been extended into elementary and high schools and children urged to check their own homes for fire hazards.

If you are an average automobile owner and drive your car 10,000 miles a year, it will cost you in the neighborhood of \$908 by the time the year is out, says the American Automobile Association. Average total cost of car operation was \$861 in 1951.

*Uncle Sam made the bonds you own
an even better bargain!*

Now your maturing Series E Bonds can earn interest 10 more years at 3%

PRESENT TREASURY REGULATIONS make it possible for you to collect a return of as much as 80% on the Series E Savings Bonds you already own!

For now those Bonds which you invested in 10 years ago can go right on earning interest for ten more years without your doing a thing about it! That is true not only of the Bonds which you have held for ten years, but any other Series E Bonds which you have invested in in the meantime. And any Series E Bonds which you obtain now will also enjoy the extended earning period. They will start earning interest sooner and mature earlier, too, paying 3%, compounded semiannually.

The Bond you got for \$18.75 can now pay you \$33.67 . . . a \$37.50 Bond will be worth \$67.34 . . . and so on.

Of course, any Series E Bond may still be redeemed at any time after you have held it for two months. But, like any other form of saving, your Bonds will mean a great deal

more to you if you can hold on to them.

Are you one of the millions of Americans who are saving regularly with Savings Bonds through the Payroll Savings Plan? If you're not, why not start now? Invest regularly in Bonds through the Payroll Savings Plan where you work. Ask your pay office to save as little as 25c a week for you, or as much as you are able.

If you can save just \$5 a week regularly through the Plan, in five years you will have \$1,367.90 . . . in 9 years and 8 months, you'll have \$2,850.70 . . . and in 19 years and 8 months, \$6,872.45! This Plan is one sure way to save because it saves something out of every check before you have a chance to spend it.

So join the Payroll Savings Plan where you work today. Or, if you are self-employed, start the Bond-A-Month Plan where you bank. It's safe, it's sure, it's automatic. And you will be helping yourself and your country!

If you want to be paid
your interest as current income—
invest in 3% Series H

If you want a good, sound investment which pays you your interest by check every six months, ask at your bank about United States Government Series H Bonds. Series H is a new, current income Bond available in denominations of \$500 to \$10,000. Redeemable at par after 6 months and on 30 days' notice. Matures in 9 years and 6 months and pays an average 3% interest per annum if held to maturity. Interest paid semiannually by Treasury check. Series H may be purchased at any bank; annual limit \$30,000.

Now even better! Invest more in Savings Bonds!

ored by 230-pound Tackle Barry King, is considerably heavier than the Blue Devils' forward wall.

Coach Pell, because of ineligibility and injuries of players, has had to reshuffle his first string team this week. Fullback George Mills is not expected to be able to start and has been replaced by Pat Turbeville. Wiley Howell is replacing Mike Ginsberg at left guard and Jimmy Lee Hoyle has been moved into Howell's former position at center. Another change in the line has been made at left end where Don Waddell has been replaced by Jon Pope.

Pell says his Blue Devils are not up to par for this game but he is anticipating a close, see-saw scoring contest with plenty of thrills for the spectators.

The bands of the two schools will entertain on the field at the halftime.

ceeds to go to the Padgett family.

Reports on circle activities were given by Mrs. Frank Friend, Mrs. W. A. Howell, Mrs. Clyde Alley and Mrs. John Dulaney. It was announced all five circles will meet separately Monday, Oct. 19: The Margery Lair Circle, at the home of Mrs. Dick Parrish, with Mrs. Leon Spooner, co-hostess; the Miriam Circle, at the home of Mrs. Robert Apelgren; the Mary Martha Circle, at the home of Mrs. Max Beverly, with Mrs. John Dulaney, co-hostess; and the Mabel Simonson Circle, at the home of Mrs. T. H. Abbey.

The traveling attendance pin was presented to Mrs. Clyde Alley, president of the Gertrude Shirley group. Mrs. Frank Friend reported the two sets of swings purchased by the WSCS for the Negro school have been delivered to the school grounds and are now in use by the children.

Mrs. James H. Wilson, program chairman for the Gertrude Shirley Circle, introduced Mrs. B. Elliott, MYF counselor and director of

youth work, who presented the program, "The Sower Went Forth", relating to missionary activities in India, Africa, Mexico and The Philippines.

Attendance Good
At Pahokee Schools

The attendance of school children at the Pahokee Schools, first through twelfth grades, averaged 98.13 per cent during September, the first month of the current school year, according to Principal Clyde A. Canipe. Mrs. Elsie Sims' Sixth Grade group of 29 topped all other groups with a perfect, 100 per cent attendance record for the month.

The enrollment of students at Pahokee School had increased to 669 at the end of the first month, Mr. Canipe said.

An increase in the per capita consumption of coffee and the spread of the coffee break practice have been reported in a series of articles describing the American beverage habits by the Pan American Coffee Bureau.

Crews - Schmidt

Mr. and Mrs. G. M. Crews of Pahokee announce the engagement of their daughter, Miss Frances Marian Crews, to Airman 1-c Gerald Irvin Schmidt, son of Mr. and Mrs. Irvin Schmidt of Randolph, Wisc.

Miss Crews is a member of the Senior Class at Pahokee High School. Mr. Schmidt has been in the U. S. Air Force for two years and at present is stationed at the Palm Beach International Airport.

OBSERVER CORPS

The Pahokee Unit of the Ground Observer Corps was on duty Sunday, Oct. 4, during the alert period at the U. S. Air Force Filter Center in Miami from 1:30 to 5:30 p. m. The Pahokee observation post on the Lake Okeechobee levee was manned (or should we say womaned) during the alert by Mrs. G. C. McLarty, Mrs. Leo Maxwell, Mrs. Lewis Friend, Mrs. George Ramey, Mrs. Wiley Tillis, Mrs. Clyde Canipe, Mrs. Lloyd Hundley, Mrs. E. F. McIlwain, Mrs. Duncan Padgett, Mrs. R. W. Sanders, Mrs. L. W. Armstrong, Miss Julia Mathis and Miss Carol Jo Guthrie.
